

Quality Audit Report - Northfield Plant

Audit date: 14 November 2025. Auditor: R. Mehta.

1. Audit Findings

The Q4 2025 internal quality audit found an overall defect rate of 3.0% on Line 3, above the 2.5% acceptance limit. Lines 1 and 2 met the limit.

Line	Defect rate (%)	Result
Line 1	1.4	Pass
Line 2	1.9	Pass
Line 3	3.0	Fail

2. Corrective Actions

The audit raised three non-conformances: worn spindle bearings on Line 3, incomplete operator training records for new hires, and missing calibration labels on two gauges. Corrective actions are due by 31 January 2026.
